apm stands for modern, individual living ideas combined with Mediterranean charm. Our qualified international team takes care of project development and management in the upper new construction and renovation sector.

here we grow again

At our office in Santa Ponsa we are looking for:

CIVIL ENGINEER / ARCHITECT (M/F)

WE OFFER
...a creative and professional working environment with exciting and responsible tasks
...a pleasant and perfectly equipped working space with many add-ons for the team (physical activities, gastronomic offer).

YOUR TASKS
Design and building application planning
Project design, management and controlling from the initiation phase
Coordination of planning coordination with internal and external project participants

YOUR QUALIFICATIONS
Completed studies in the field of architecture / civil engineering
Flexibility, communication, and teamwork skills
Expertise in the development of complex construction projects
Confident handling of Autocat, Adobe Creative Suit, Sketchup, and MS Office
Business fluent language skills in German, Spanish, and English

Please send your detailed application to
Sylke Meier-Pritchard: spm@apm-mallorca.com

WE ARE LOOKING FORWARD TO MEETING YOU!
